Plans To Develop City As Tourist Centre

Mysore, July 1

Mysore City had a two-fold importance as a tourist attraction and as a centre of transport network, Tourism and Transport Minister Mohammad Ali said here yesterday.

Inaugurating the monthly cultural programme of the Dasara Industrial and Cultural Exhibition Committee, he said that the KSRTC was running services between Mysore and Bangalore every 15 minutes. The traffic was still heavy. Arrangements were being made to increase the fleet and services.

The proposal to remodel the Brindavan illumination at a cost of Rs. 55-60 lakhs was before the Cabinet now. He was confident that the Cabinet would give its consent soon.

The Government of India intended to construct "Log Cabins" at an expenditure of Rs. 25 lakhs at Bandipur. An official had visited Bandipur yesterday in this connection, the Minister said.

The State Government had sanctioned the construction of a tree-top restaurant involving an expenditure of Rs. 25 lakhs at the Nagarahole Game Sanctuary.

The Ritz Group of Hotels who were running Metropole and Krishnarajagar hotels proposed to spend Rs. 50 lakhs to increase accommodation at both the hotels. The plans had been approved by the Government. Similarly the ITDC proposed to have additional 30-40 rooms at Lalitha Mahal Hotel, Sri Ali said.

He congratulated the committee for its efforts to revive the grandeur of Dasara festivities and for organising cultural programmes every month. He assured assistance from the Government.

KSTDC Chairman Azeez Sait, who presided, said the corporation was taking over the Modern Hindu Hotel from July 1 to convert it into a "Mysore Tourist Centre". The KSTDC Reception Office now located at Kaveri Arts & Crafts Show Rooms would be shifted to the Hotel premises. A master plan was being prepared for its development, he said.

Committee General Secretary B. C. Lingiah, who welcomed, said the Dasara festivities would be organised this year from Sept. 24 to Oct. 24. The "Guddali Puja" for the Exhibition complex at Doddakere had been performed recently.

Another General Secretary D. Jayadevaraje Urs proposed a vote of thanks. Later, there was violin by Master Nagaraj and Mahadevappa and drama by Shivarateswara Nataka Mandali.

Indl. Estate For Food Units

Mysore, July 2

The Karnataka Small Industries Corporation and the Karnataka State Financial Corporation will jointly set up a specialised industrial estate in Mysore District for industries based on the CFTRI projects, Industries Minister S.M. Krishna said today.

The Co-operative Egg Marketing Federation was in the offing. Sixty districts would be adopted with 3,000 beneficiaries for poultry development, he said.

Dr. R.D. Nanjiah, Director, Animal Husbandry Department, said that 9,000 poultry units were proposed to be established in three districts of Karnataka.

Welcoming the gathering, Dr. M.N. Moorjani, Project Coordinator, Meat, Fish and Poultry Technology, CFTRI, said that during the last few years the CFTRI had developed many process in the field. Dr. D. K. Biswas, Joint Commissioner (Poultry), Government of india, proposed a vote of thanks.

Growth With Price Stability, CS

(From Our Correspondent)

Bangalore, July 2

Drive against black money and tight credit policy will enable to control more effectively the speculative influences in the country, Union Finance Minister C. Subramaniam said here today.

Laying the foundation stone of the LIC's new commercial complex, "Visvesvaraya Centre", he said that the challenge in the coming year was to accelerate growth without in any way leading to price instability. This could be achieved by the use of a number of policy instruments.

"We are determined not to let any obstacle come in the way of realising it", he said.

The Government would also intervene directly in markets to moderate prices by deploying the stocks it had built up. The stocks now built up gave a powerful weapon for achieving the economic stability, he said.

Sri Subramaniam said that the foreign exchange reserves which the country had built up would give the necessary freedom of manoeuvre through judicious commodity imports at the right time.

He was happy that with the number of steps taken by the Government, the economy in the country had improved and it had been possible to acheive price stability after a great deal of effort and discipline.

The Minister also reviewed the LIC's policy and performance.

He paid tributes to the State for its achievements and investments in the fields of industry and insurance.

In the absence of Chief Minister Devaraj Urs, Public Works Minister H.M. Channabasappa, who presided, requested the Life Insurance Corporation to plough its funds for the further growth and development of Karnataka, particularly in schemes like urban water supply, railways and minor ports. This would help to further improve the economy of the country, he said.

LIC Chairmen R.B. Pradhan, who welcomed the gathering, said the new building with 23 storeys would be a land mark in Bangalore.

Conditions For Subsidy Suggested

Mysore, July 2

The local Kannada Chaluvaligarara Kendra Samithi has suggested imposition of certain conditions to prevent misuse of subsidy for films in the State.

If the actor or actress has acted in more than two films in leading roles in one year, films in which they are cast again should not be given subsidy.

Bergman's Movies Draw Big Audience

Mysore, July 5

The Mysore Film Society conducted the Ingmar Bergman FilmFestival from June 27 to 30. The four films screened on the occasion were-"Seventh Seal", "Virgin Spring", "Wild Strawberries" and "The Silence". The latter two were screened for the first time in the city.

The movies depicted the man's defiance to death in vain, the beauty and purity destroyed by ungrateful men, the guiltiness of an educated elderly man in a hidden conscience and a woman's sexual psychology and loneliness.

The films are Bergman's self-expression on man's relation to God, his agony of loneliness and search for values brought out through brilliant symbols and notations of the modern world.

Drought In 9 Districts

Bangalore, July 6

The State Cabinet yesterday sanctioned Rs. 5 lakhs for each of the nine districts in "Old Mysore" area, affected by drought conditions.

Revenue Minister Hutchmasthi Gowda, who briefed the newsmen on the Cabinet decision, said the failure of the monsoon had hit the kharif crops of ragi and jowar badly in the affected districts. The sugarcane crop under KRS achkat area in Mandya district might suffer "crores of rupees loss". In Gundlupet and Nagamangala taluks the loss of crop was cent per cent.

He said Deputy Commissioners had been instructed to take up immediately all the budgeted works under minor irrigation, repair of tanks, feeder channels, deepening of wells and soil conservation. The relief works included construction of 80 km of roads in each of the affected taluks.

As regards rising prices, Sri Gowda said the Government was keeping a close watch and would not hesitate to take drastic measures.

Preparations For Dasara Begin

Mysore, July 12

Preparations for organising the Dasara festivities on a grand scale in the city from September 24 have been started by the Mysore Dasara Industrial and Cultural Exhibition Society.

This year's celebrations include the Dasara procession on Vijayadasami day, two-month-long Exhibition, for the first time at Doddakere, torch-light parade, cultural programme, sports, Theppotsava and film festival.

Speaking to newsmen Sri B.C. Lingiah and Sri D. Jayadevaraje Urs, two General Secretaries, said that the Government had already set up two official committees to help and guide the society in organising the celebrations.

The first committee with the Divisional Commissioner as chairman would guide and assist the society in the festivities. The second committee with the Chief Secretary as chairman would assist in setting up the permanent exhibition complex on the 80-acre land at Doddakere, Sri Urs said.

The Society had formed 15 committees with over 200 prominent men of the city for arrangements. A high-power technical committee had been set up with Vice-Chancellor D.V. Urs as Chairman for planning the exhibition.

The Society also planned to honour outstanding men.

A budget of Rs. 25 lakhs had been proposed for organising the celebrations this year. The Society had earned Rs. 8 lakhs last year by conducting the Dasara, and had made a profit of Rs. 1.50 lakhs which had been kept in fixed deposit, Sri Urs said.

Mysore, July 12

The Mysore Lac & Paint Works, an industrial unit of the State Government, had turned the corner and made a profit of Rs. one lakh last year, Sri K.S. Suryanarayana Rao, Chairman and Managing Director of the Works, told newsmen today.

He said the company was closing the year with the maximum production of 677 tonnes. The sales achieved during the year amounted to Rs. 43.60 lakhs of 650 tonnes. The performance was commendable compared to the previous years. The Works which was established in 1937 had an installed capacity of 1120 tonnes.

An agreement with West Germany had been finalised for the manufacture of sealing compound and insulating varnishes required for the electrical industry. The Centre had cleared the agreement and the State Government was engaging its attention in further enlarging the scope of the agreement, Sri Rao said

It had also undertaken a scheme to increase production with the assistance of the State Financial Corporation last year. The capacity would almost double when this project was completed by the end of this year, he said.

READERS' FORUM

Changing Venue Of Children's Train

Sir:- I nave read in the newspapers that children's train is going to be installed in Mysore City. This is a good news and fills a long felt want.

But the place chosen for the train is Bannimantap. This is far away for parents to take their children.

People who have cars can afford to take their children to that place. Also such children having the enjoyment of frequently going in cars may not frequently desire the joy of the toy train ride.

Mostly the train will be welcomed by parents of middle and low income group. These will find it difficult to frequently take their children to Bannimantap.

Therefore, in order that the majority of the children may take advantage of the train, it is suggested that the same may be installed in or nearDoddakere,in the Zoo or at New Exhibition complex. Further this place has the beautiful background of Chamundi Hills, which will have influence on the young children's minds. Further the Zoo authorities are contemplating to have Bird Sanctuary, Boating etc. and children can, after train riding adjourn to these amenities, conveniently.

The concerned authorities are requested to favourably consider the above suggestions made by me on behalf of the public and change the venue of children's train.

READERS' FORUM

Children's Train

Sir,-I venture to disagree with the suggestion (13th "Samachar") to change the venue of the proposed children's train from Banni Mantap. The city bus service reaches it admirably and it would be a blessing to spread out these attractions in a city rather than cluster them to add to transport problems. After all it is mainly for the city's children that this train is being installed and the open space nearby would encourage them to romp about with gay abandon. A few pedal cars made available at nominal hire would add a lot to their fun.

CM's Plea For Purposful Edn.

Mysore, July 26

Chief Minister Devaraj Urs said yesterday that there was a paramount and compelling need to effect modifications in our present system of education which would lead to the most productive results in terms not only of the maintenance of high academic standards but also in terms of the imperatives of economic growth and social justice which decisively conditioned the approach to national problems.

Inaugurating the diamond jubilee celebrations of the Mysore University, he said the insistence of high standards was a prerequisite for advancement in all areas of human activity. There was need for "Job-oriented education". But the mere acquisition of degree should not be made the be-all and end-all of education. It was the social obligation of all those in authority to keep uppermost in their minds the demand of millions among the students community for a system that would equip them for life and fit them for productive employment.

"What we need is scholarship and research of the highest calibre and simultaneously the creation of a system tailored to the production of young men and women equipped with the skills and knowledge relevent to a developing nation", Sri Urs said.

The Chief Minister also inaugurated "Operation Bharani", a scheme of the Mysore University to adopt and develop 100 villages. Commending the scheme, he said it was entirely a new concept conceived by the University.

Dr. K. L. Shrimali, former Vice-Chanceller of the Mysore University, who presided, called upon the intellectuals to come out of their ivory towers and make the universities an instrument of change.

Universities must also answer the question as to what their role was at times of crisis and whether they should remain neutral when basic aims of democracy and socialism were being threatened.

Task Force For Overhaul Of City Services

Mysore, July 30

The appointment of a task force to rationalise the city bus services was announced by Sri S. Ramanathan, Vice-Chairman of the KSRTC, here yesterday.

Participating in "Meet-the-Press" programme at the Journalists' Association, he also announced that the city bus stand, now temporarily located at Gandhi Square, would be shifted back to the KSRTC bus stand in about a week's time.

Since the KSRTC bus stand could not handle both city as well as mofussil services, it was proposed to shift shortly 11 sub-urban routes to the Mofussil Bus Stand coming up on the Mysore-Bangalore road at a cost of Rs. 10 lakhs.

Sri Ramanathan said the task force would send out questionaires to all voluntary organisations inviting suggestions for reorganising the whole city bus system.

He said the city traffic was increasing at eight per-cent per annum. The number of routes had increased from 8 to 43 and buses from 20 to 73 in the past decade. The kilometres operated had gone up four times, from 2,800 to 12,892 and the revenue 10 times—2,200 to 25,131. The number of commuters had increased from 17,065 to 38,640 per day.

Mysore had become an important centre as regards mofussil services were concerned. An inter State service between Mysore-Trichur would be started soon

Sri Ramanathan informed that the KSRTC had proposed to spend Rs. 15 crores this year for replacing over 1,000 old buses in the State. Mysore division would receive its due share, he assured.

Association president K. N. Varadaraj Iyenger welcomed. Secretary M.T. Jayaram proposed a vote of thanks.

MPs' Concern On Drought

Mysore, July 31

The Congress MPs of Karnataka have urged the Government and the KPCC to set up a machinery to study the drought conditions in certain parts of the State and prepare a report for submission to the Centre for securing financial assistance.

Disclosing this, Sri Tulsidas Dasappa, MP, told newsmen today that the MPs met at Bangalore on July 26 and reviewed the implementation of 20-Point Programme and drought conditions in the State. About 12 MPs attended the meeting.

Sri Tulsidas, who was confident of Centre's assistance to the State to overcome the situation, hoped that it would provide an aid of at least Rs 5 crores to supplement the State's efforts in providing relief.

Asked whether the MPs had been impressed upon by the Government regarding the drought conditions and relief works taken up in the State, Sri Tulsidas observed that the Government had "missed an opportunity". No Minister attended the meeting.

Greatness Of Gayatri Mantra

Mysore, Aug. 9

Of all the mantras sacred to the Hindus, Gayatri is most potent and beneficial; it has its roots in the Vedas, said Sri D. V. Narayana Murthy, Retired Accounts Officer, KEB while speaking at the Sarva Bhasha Sarasawati Sangha here recently.

Chanting the Gayatri mantra in the prescribed manner also helps in focussing the mind and controlling it; it is a means to Transcendental Meditation which is so much in the air in the West, and it ultimately leads to courage, will power and peace of mind, said Sri Narayana Murthy.

Prof. M.V. Jambunathan welcomed the gathering. Sri R. Krishnaswamy proposed a vote of thanks.

Suggestions On City Bus Services

Sir,–The residents of the city have reason to be grateful to Sri Ramanathan, Vice-Chairman, KSRTC, for constituting a task force to collect public opinion on the improvement in the city's bus services. An excellent opportunity has been afforded for securing the redressal of grievances in this behalf. In order that a non partisan approach to evolve a solution to the problem may prevail, it is of the utmost importance for residents to formulate their views in an organised manner.

As a first step, I appeal to those interested to communicate their views, grievances, suggested remedial measures etc, to the undersigned in order that a co-ordinated plan may be prepared for submission to the task force. In due time I shall seek the assistance of volunteers to exercise the necessary scrutiny. It may also be necessary to form an ad hoc committee of the participants to do the needful.

Threat To Betel Leaves

Mysore, Aug. 10

The famous Mysore betel leaves were facing serious threat by the wilt disease, which had started about four years ago, and the cultivators were suffering heavy loss of income, Minister of State for Fisheries and Horticulture K.T. Rathod told newsmen yesterday.

Following representations some three months back, the Minister said he had released Rs. 5,000 for intensive spraying of pesticides as a result of which the disease had come under control. He had visited the betel leaf gardens yesterday and had ordered on the spot another Rs. 5,000 for similar operation.

He said that about 1,000 families belonging to backward classes were engaged in the cultivation of betel leaves. Their annual income had come down from Rs. 5,000 to Rs. 2,000. If they formed a co-operative society, efforts could be made to get them loans under DIR scheme from the banks.

SAVE THE FOOTBALL GROUND

Sir,–I read in the newspapers that the Doddakere Maidan is going to be utilised for an Exhibition complex. I have my own fear whether the Mysore District Football Association's PalaceGround where football tournaments in the city are held is also included. If this is true, it would definitely be a death blow for the game of football. This city should have had a football stadium long back just like Bangalore City. But to the misfortune of football fans, Mysore does not have even a permanent football field.

I, as a football fan, request our sports minded Hon'bleChief Minister. Sri Devaraj Urs, to kindly allot this 'PalaceGround', opposite the Palace East Gate, to the Mysore District Football Association, which has been conducting football -tournament in the same ground for the past six years to promote the game.

OURSELVES

The Independence Day also marks the anniversary of "Samachar". Started on August 15, 1950, it has completed 26 years and today it is entering the 27th year. The public have been generous enough in extending their fullest support.

It was during its previous year that "Samachar" celebrated the silver jubilee on March 14, 1976. The completion of 26 years for a small newspaper like "Samachar" is not a small achievement. Sri Dharam Bir Sinha, Union Deputy Minister for Information and Broadcasting, who participated in the celebration, praised "Samachar" for its useful service and underlined the importance of community newspapers.

In the years to come, we hope to serve our readers in a better and wider manner.

While, on this occasion we pay our humble homage to the Founder-Editor, Sri G.L. Swamy, we thank all our esteemed readers, advertisers and well-wishers for their patronage.

CITY MARKET

Sir,– I have looked in vain for grateful acknowledgement of the citizens for the sea change brought about in the city market. It is ever so clean and tidy now and a pleasure to buy vegetables as vouchsafed by even Dr. M. S. Swaminathan during his recent visit to the city.

But how come that the flower and betel leaf section - pride of Mysore - has hot been provided with more attractive accommodation?

C. Madhava Rao

THE 'IDEAL' MARKET

The Devaraja Market was established long ago to commemorate the name of His Highness Sri Devaraja Wadeyar of revered memory.

I have been observing the condition of this market for the past nearly 70 years. I am very glad that during the last few years, it has been kept very neat, as an ideal to other markets. It is no exaggeration to say that there are only a few such markets in the country.

The vendors here are protected from rain and sunshine; they have comfortable seats. The danger of customers slipping over plantain skins is completely avoided; the whole of that section is kept neat. People find it a pleasure to go to the market now

"Cleanliness is next to Godliness", and the present Municipal authorities have realised it in the way the famous Devaraja Market is now maintained. This market is an example for other markets. It is a fine institution for the garden city of Mysore.

COMMON SCRIPT OPPOSED

Mysore, Aug. 23

Dr. H.M. Nayak, Director of Institute of Kannada Studies, Mysore University, yesterday strongly opposed any move to introduce the common script for Kannada and Telugu.

Presiding over the inauguration of a two-day exhibition-cum-sale of Kannada books, organised by the Chetana Kannada Sangha at the Park, Opposite Lansdowne Building, Dr. Nayak warned that any such effort would only block the growth of Kannada language and literature. The growth so far achieved would become a waste, he said.

He strongly condemned the growth of a number of organisations in the name of Kannada whose intentions were only confined to collection of money, and cinema and hotel rates, he said.

He praised the Sangha for its dedicated work for the promotion of Kannada.

Earlier, Dr. S. V. Ranganna inaugurated the exhibition. Sri S.R. Sudarshan welcomed. Sri Ramesh proposed a vote of thanks.

Music Performances

Sir,–Bidaram Krishnappa's Prasanna Sitarama Mandiram had arranged a series of five music performances between July 7 and Aug. 15. It so happened that the Nadabrahma Sabha had also arranged on 7th and 8th August two good music performances. Listeners who were members of both were deprived of one or the other. It is true, a rare occurrence, but from the listeners point of view, if that does not happen, it would be good.

Music performances in Mysore start usually at 7 p.m., leaving the musicians three hours only to show their skill. After 9 p.m. due to several causes, some listeners feel fidgety and leave the place. They have to miss the good music that may come later. Among these there are many who come from distances. The solution appears to be in starting the performance punctually at 4-15 p.m. as was being done in Shankari Hall, Bangalore, and ending it at about 8-15 p m. This provides four hours for the listeners and four hours for the musician. Pallavi which is generally hurried can be done at leisure, as also some other aspects of music.

A word about Sitarama Mandiram. It must be said to the credit of the organisers that they have embarked on a policy of inviting the rising artists. Among these there may be many a gem of purest ray serene. Opportunities can only make them scintilate.

BanOn Bagasse As Fuel

(From Our Correspondent)

Bangalore, Sept. 2

The Government was seriously considering prohibiting the use of bagasse as fuel in sugar factories in the State, Industries Minister S.M. Krishna said today.

Addressing the sugarcane experts, he said that the Government would insist on factories coming up in future to use fuel other than bagasse.

He suggested setting up of mini sugar factories in the country which he said had greater employment potentialities.

Sugar industry in Karnataka had a significant role as contributor to the State's agro-based economy and earner of foreign exchange, he said.

There were 18 sugar factories in the State and seven more units were already on the anvil. The new units would be in co-operative sector, Sri Krishna added.

Janatha Bazaar Oil

On July 31 I purchased three litres of groundnut oil from the Old Janatha Bazaar. To my surprise I have found one inch thick dust at the bottom of the tin. We go to Janatha Bazaars only with a hope of getting unadulterated commodities, good service and so on. If this is the case with Janatha Bazaars don't mind purchasing from a petty businessman who will supply the oil at my door. May I remind the Co-operative Store like Janatha Bazaar to be an example in community service for other businessmen to follow the suit.

READERS' FORUM

5 Paise or 10 Paise ?

Sir,-This to draw the kind attention of the concerned Municipal authority.

A board at every cycle stand clearly says that the parking fee per cycle is 5 paise only. But the stand keeper never allows the cycle out of the stand unless we pay 10 paise per cycle. On arguing with him, he explains that the board is effective from 1st Jan. 1977. But that date is no where mentioned on the board.

Clarification of this confusion will safeguard the public interest.

MPs' Team Studies Scarcity

Mysore, Sept. 18

The scarcity study team of Karnataka MPs, which is now touring the drought-affected areas in the State, is expected to submit its report to the Government in about a week's time, Sri Tulsidas Dasappa, Convener of Karnataka MPs, told newsmen today.

Addressing a press conference, he said that about six weeks ago the MPs had expressed concern over the situation. They had met the Prime Minister, the Agriculture Minister and the Planning Commission Deputy Chairman to press for relief measures. The Centre had sent a study team, which was also presently touring the State.

Sri N. Shivappa, leader of the MPs study team, in a statement said the team had so far covered three districts. They had observed that areas, except the perenially irrigated patches, were comptetely vacant without crops.

The team held discussions with officials and others here yesterday and left for Krishnarajapet today. This was the first time MPs had undertaken such a study.

Team To Lure Investments

Mysore, Sept. 27

The State Government is considering a proposal to send a team to foreign countries to persuade Kannadigas residing there to invest money in industries in Karnataka.

Industries Minister S. M. Krishna disclosed this here today while inaugurating the fourth unit of the Triveni Engineering Works at Belagola Industrial Area.

Sri Krishna said that it had been suggested to the Centre to have growth-centres with sufficient infrastructure instead of declaring certain districts as backward. The suggestion was being considered by the Planning Commission.

Welcoming the gathering Sri Ramakrishna Rao, Director, said that their total investment in Mysore and Bangalore units exceeded Rs. 2 crores. The Mysore unit would manufacture hardened and ground gears.

General Manager K. R. Pandalai proposed a vote of thanks.

Free Discussion On Amendment

Kengal's Plea

Mysore, Oct. 7

Sri K. Hanumanthiya, MP, yesterday called for a free and frank discussion in the country on the 44th Amendment to the Constitution.

Presiding over a seminar on the 44th Amendment to the Constitution by the H.C. Dasappa Institute of Public Affairs, Sri Hanumanthaiya made an earnest appeal to the censors not to censor the discussions carried on in the country on the 44th Amendment and allow its full publication. Here he pointed that the Prime Minister herself had called for a national debate on the 44th Amendment and her appeal should be respected, he said.

Disagreeing on certain clauses in the proposed amendment, Sri Hanumanthaiya said that in his personal opinion there was no need to include the word 'socialism' in the preamble of the Constitution. It would discourage sponsoring of any other ideology by any political party, he said.

He also opposed the extension of the Lok Sabha and Assembly duration from five to six years. The Constituent Assembly had definitely decided on a term of five years, he added.

Messrs C K.N. Raja, P. M. Chikkaboriah, M. B Rudre Gowda and T V. Srinivasa Rao spoke. Institute Secretary B.R. Pranesha Rao welcomed. Sri S. Pattabhi Raman proposed a vote of thanks.

Coffee Export Crosses 1m Bag

[From Our Correspondent]

Bangalore, Oct. 8

India had crossed one million bag mark in the export of coffee and was moving up in the ladder of big exporters of coffee in the world, Sri M. Venkataratnam, Chairman, Coffee Board, told newsmen today.

International prices of coffee were ruling high and prices in the domestic market were also tending to rise steeply. To arrest this trend, the Board had reduced the prices of blended powder. It was hoped that the consumers would be able to buy coffee from all sources at lower prices and contribute to the general lowering of prices, he said.

The Chairman said that more areas in the country would come under coffee crop. He called upon growers to intensify and expand production. Both the Board and the Government would extend all support, he assured.

Centre For Islamic Study

Mysore, Oct. 10

A suggestion has been made to the Mysore University for the setting up of an Institute for Islamic Studies and this was under consideration, Vice-Chancellor D.V. Urs said yesterday.

Replying to felicitations by the Muslim Graduates' Association, Sri Urs sought the co-operation of the Muslim community for the setting up of the institute. The suggestion to set up the institute had been made by Sri Qaiser Ali Khan, former Professor of the University, he said.

Chief Minister Devaraj Urs, who presided, made it clear that he had no hand in the selection of Sri D. V. Urs as the Vice-Chancellor. It was done by an experts' committee appointed under the State Universities Act and the Chancellor, acting primarily on his own initiative, had chosen Sri Urs, he said.

Paying tributes to Sri D V. Urs for his administrative abilities, the Chief Minister said that harmonious and peaceful atmosphere had settled in the University now The University was for a long time steeped in internal squabbles, in-fighting and caste system. All those undesirable trends had come to an end now, Sri Urs said.

KSTDC Chairman Azeez Sait was the chief guest.

Association President Syed Iqbal Khadri welcomed. Dr. H Shariff, Sri Mohammed Akber and Prof. Mohammed Haneef Kaleem spoke. Vice-President Shameem Sultan Khan proposed a vote of thanks.

Table Tennis

Mysore, Oct. 12

The Mysore University Gymnasium Hall seethed with life from Oct. 7 to 10, both days inclusive. Youngmen and women, most of them high rank, came from all parts of India and played in the spectacular Southern Indian Regional Table Tennis Tournament, conducted by the Mysore District Table Tennis Association and about 800 spectators watched the thrilling games.

Table Tennis, commonly known as a ladies game, is no more that. One has only to see the fire and fury of the game, to become convinced that it is a fast and taging game that requires the bodily vigour of the adolescent, even as the other open air games like football and hockey, when mighty opponents clash the tension is high. It is really interesting to watch the players' readiness, determination, the grim battle and the smashing for points. In one word, it is a vigorous game belonging not only to the belles but also to the sturdy youth.

The organisers have to be thanked for arranging this festival so rich in recreation. It has given an impetus for youth of Karnataka to watch and emulate the best in the game.

Jatti Recommends Non-Formal Education

Mysore, Oct. 16

Vice-President B.D. Jatti called upon educational institutions in rural areas to adopt the non-formal system of education which he said was ideally suited to educate the farmers and artisans living in rural parts.

Inaugurating the silver jubilee celebrations of the Grama Vidyodaya Sangha's educational institutions at T. Narasipur, Sri Jatti said that the purpose of education in rural areas should be to make the rural folk literate so that they could go back to their professions and improve them.

Education Ministsr S.M. Yahya said theGovernment was seriously considering steps against errant private educational institutions. Although their number was only a few and most of them were in cities, they were tarnishing the image of good institutions, he said.

Health Minister H.M Channabasappa, who presided, praised the services of the late Shivananda Swamy, Founder of Grama Vidyodaya institutions.

Sri T. P. Boriah welcomed. Secretary K.N. Shivalingiah read a report. Sowcar T. Thimmappa presented an address to Sri Jatti. Principal T. N. Krishna Rao proposed a vote of thanks.

Jatti Recommends Non-Formal Education

Mysore, Oct. 16

Vice-President B.D. Jatti called upon educational institutions in rural areas to adopt the non-formal system of education which he said was ideally suited to educate the farmers and artisans living in rural parts.

Inaugurating the silver jubilee celebrations of the Grama Vidyodaya Sangha's educational institutions at T. Narasipur, Sri Jatti said that the purpose of education in rural areas should be to make the rural folk literate so that they could go back to their professions and improve them.

Education Ministsr S.M. Yahya said the Government was seriously considering steps against errant private educational institutions. Although their number was only a few and most of them were in cities, they were tarnishing the image of good institutions, he said.

Health Minister H.M. Channabasappa, who presided, praised the services of the late Shivananda Swamy, Founder of Grama Vidyodaya institutions.

Sri T. P. Boriah welcomed. Secretary K.N. Shivalingiah read a report. Sowcar T. Thimmappa presented an address to Sri Jatti. Principal T. N. Krishna Rao proposed a vote of thanks.

Octroi Exemption To New Units

Mysore, Oct. 25

Under the package of incentives, the Government has issued an order exempting levy of octroi on new industrial units set up in the backward areas for a period of five years.

Disclosing this, Mr. B.N. Aradhya, Vice-President, Federation of Karnataka Chamber of Commerce and Industry, said that the exemption covered construction material, plant and machinery, and raw materials.

Sri M.K. Ramachandra, Chairman, State Financial Corporation, welcoming the Government Order said that this concession was long over due.

He suggested that some money should be set apart for creating certain infrastructural facilities like housing and medical facilities in the backward areas. He also suggested exemption from power cut, differential rate of central excise and sales tax and income tax rebate to new industries established in the backward districts.

Another suggestion made by him was to set up a co-ordinating committee in Mysore to help the new industries to tackle their problems. He suggested the setting up of a trade centre to enable outsiders visiting the city to know about the various items manufactured in various units in the city.

Sri Ramachandra also suggested a backward area development authority for each backward district. He welcomed the idea of "growth centres" instead of identifying districts as backward.

Sri R. Vasudeva Murthy, Vice-President, District Small Scale Industries Association and Sri Guru were also present.

Sanskrit Centre At Melkote

Mysore, Oct. 26

The State Government has constituted a 17-member managing committee for establishment of a Sanskrit Research Institute at Melkote.

The committee with Sri T.S. Rajam as Chairman and the Commissioner for Endowments as Secretary will have its headquarters at Bangalore.

It may be recalled that the Government appointed a committee in 1965 to consider ways and means for developing Sri Narayanaswamy Temple and to prepare a scheme.

Taking into consideration of the various facilities and literature available at Melkote, the committee suggested setting up of a research institute. The object of the institute is to take up publication of rare and valuable manuscripts, to publish journals, to train scholars, to translate rare publications into different languages and to make comparative study of the different concepts of philosophy.

The total cost for the development of the institute will be Rs.1.55 crores, over a period of 10 years. During the first phase of five years, the amount required will be Rs. 85.95 lakhs. The committee has been authorised to collect funds for the purpose.

The Government has sanctioned Rs 1 lakh to the committee to form the corpus of the fund required for the implementation of the project.

Mini-Train For Mysore

Sir, - Sri Subramanya Raj Urs's letter (14-7-76) for changing the location of the proposed mini-train to a place other than the Banni Mantap area is welcome and justifiable.

It is incumbent that a children's play - ground should be in the heart of the city, within the reach of all. Being in a corner of the city, the Banni Mantap area is not accessible to many. Further, this area is a barren land devoid of any shady trees, essential for a park.

Of the alternatives suggested, Doddakere, though more centrally situated, is again a barren land. The Zoo Garden abounds in all the nature's gifts and so could be considered. But, the Zoo Garden by itself is large enough to keep one busy for at least half a day. And the mini-train should not be crowded into this. Further, the mini-train, because of the unique enjoyment it gives to children, deserves a separate and independent existence.

One such space which is highly fit for this place, and located in the heart of the city, is the area between the District Office, the Maharaja's High School and the Cosmopolitan Club. This area is alive with huge trees and vast sunny field side by side. When properly utilised, it can be transformed into a second Cubbon Park. With the formation of the new Straight Road this area will gain further importance. I am sure my views are shared by many, and should be acceptable to, and welcomed by even those, who opined differently, when they give a genuine and sincere thought over the subject.

The mini-train, I feel, should resemble a railway train as closely as possible and should not be a series of jointed boxes, with their lids off, as is seen in Bangalore. With the station placed in the sunny field, the train should steam off with its hapyy passengers towards the shade, passing through an under-bridge on its sinuous route and edging a small artificial water-fall, halt at a station where refreshment room caters to the needs of the hungry children

After a small break here, the happy lot are brought back to their waiting parents, the entire route taking aoout an hour. A pond in the middle, fed by the water from the fall, flowing under the bridge over which the train passes, could be made colourful with fishes of various colours and sizes and flowering vegetation. All this will cost a fortune. But I feel it is well worth trying to model the mini-train park on these lines and make this bit of waste land a paradise for children.

Dr. RAMA RAO

READERS' FORUM

Beware of the Lame Man

Sir,– It is to bring to the notice of all readers that a lame man neatly dressed in a dhothi and a shirt, is going around Mysore City visiting all houses collecting money (ranging from Rs. 5 to Rs. 11) stating that he intends to perform Kalyanotsava at Tirupathi.

He usually travels by auto helped by an attendent to carry him as he is lame. He gets to know the name of the owner and visits the house when the womenfolk are around! He prostrates before the elders in the house seeking their blessings, there by creating an impression that he is really sincere. This lame man has been carrying on with this trade for over two years and has never kept up any of the promises he has made to the victims.

I hereby request all readers to kindly keep a watch on this person and inform the police immediately. This will' go a long way in helping some poor people who may fall an easy prey to the so-called pious one legged cheat.

TWENTY YEARS HAVE PASSED SINCE KARNATAKA AS A STATE WAS BORN. EACH YEAR IS A MILE STONE ON OUR ROAD TO PROGRESS. KARNATAKA HAS VERY RICH HISTORICAL TRADITIONS AND A SPLENDID CULTURAL HERITAGE: ACHIEVEMENT OF UNIFICATION FOSTERED A RESURGENCE OF THIS HERITAGE, AND BROUGHT ABOUT EMOTIONAL INTERGATION. IT ALSO PAVED THE WAY FOR SOCIO—ECONOMIC DEVELOPMENT. KARNATAKA HAD A GLORIOUS PAST; IT CAN HAVE AN EVEN MORE GLORIOUS FUTURE IF ALL OF US WORK TOGETHER FOR THE STEADY ADVANCEMENT OF THE STATE. ON THIS JOYOUS OCCASION I EXTEND MY CORDIAL GREETINGS TO THE PEOPLE OF KARNATAKA AND WISH THEM ALL HAPPINESS AND PROSPERITY.

Call To Popularise Kannada

Mysore, Nov. 5

Eleven distinguished persons of the city were honoured for their services in different fields by the Karnataka Rajyotsava Kendra Samithi at Town Hall yesterday.

Urging for the wider use of Kannada in different fields, Sri Naiker decried the blind love for English. Hailing the naming of the State as Karnataka, he said that the credit for this "sacred work" should go to Chief Minister Devaraj Urs.

The 11 persons honoured were Messrs F.K. Irani, Agaram Rangiah, M. Subramanyaraje Urs, Sampath, Krishna Vattam, M. H. Ramu, Dr. Devendrappa, H. K. Kumara Swamy, Shilpi Nanjundaswamy, Dr. R.K. Narayan and Smt. K. Venkatalakshamma. Dr. Narayan was not present.

Messrs Agaram Rangiah, Kumaraswamy and Subramanyaraje Urs spoke. Samithi Secretary D. Jayadevaraje Urs, presented a cheque for Rs. 4,000 to the Vice-Chancellor for conducting Rajyotsava sports.

Mysore, Nov. 5

Serving liquor at the fellowship of Rotary meetings was strongly criticised by Rotary District Governor K. Anatharamaiah here today.

Speaking to newsmen, he said that "fellowship" in a Rotary meeting did not mean drinking but cultivating friendship among the members. The Rotary Manual of Procedure itself did not favour drinking by Rotarians.

Sri Anantharamaiah called upon Rotarians to set an example to the society by their living and remove any wrong notion about Rotary Clubs in the minds of the public.

Messrs M. Ramachandrachar, President, Rotary Club of Mysore West, V. S. S. Raghavan, Secretary and others were present.

Parishat Plan To Promote Folk Art

Mysore, Nov. 8

This would be published in a book form at the time of the diamond jubilee of the Parishat, proposed to be held in next April, he said.

Phones Division For Mysore

Mysore, Nov 8

To serve the subscribers of Mysore City more effectively, the question of forming a separate division for Mysore telephone system was under active consideration of the Government, Telecommunications General Manager B. S. Benegal said on Saturday.

Inaugurating the additional 1000 lines to the Mysore Telephone Exchange, he said that when the separate division came into being the subscribers of the city would receive better attention.

As regards direct dialling from Mysore to Bangalore, he said that this could be possible only after the commissioning of the microwave system by the end of 1977. The work on the microwave system connecting Bombay and Trivandrum and Mangalore and Madras via Mercara, Mysore and Bangalore was in progress. A narrow band microwave had been planned between Mercara and Mysore.

Sri Benegal said that 610 new connections were being given with the inauguration of 1000 lines. Action had already been initiated for further expansion of the Mysore Exchange by another 1000 lines. The equipment for this was likely to be supplied by 1978-79. With this the strength of the exchange would increase to 6,00 lines. They had also plans to open a telex exchange at Mysore by March 1977.

Telecommunications Director R.S. Somasundaram presided. Divisional Engineer H. V. Bhat welcomed the gathering. Sri Benegal released a separate directory for Mysore City.

READERS' FORUM

The Pious Lame Imposter!

Sir, - This letter is to corroborate and supplement further the facts detailed in Sri S. Rangaswamy's letter published in your daily (on Nov. 1) about the pious lame man. This lame man is not only a cheat but also an imposter of the clever sort!

He is middle aged, well-built and dark in complexion. His round plumpy face carries a broad 'Tirupathi Namam'. He wears spotless white Jubba and Dhoti and makes his appearance suddenly in an autorickshaw with a helper.

He did so before my house in Adipampa Road on Oct. 2 posing himself as an excise contractor. With his well-parctised art of conversation, he trapped us and also a friend of mine who was an a visit to the house and collected Rs. 23 from us for Kalyanotsava at Tirupathi. He told us he was no begger and assured us that he would bring us the Tirupathi Prasadam.

His projected trip to Tirupathi and the promise of Prasadam have banished into thin air. We are yet to see his face! As it is very likely that he has preyed upon a number of gullible people like us and likely to draw more victims, it is high time that the police keep a close watch for this lame imposter and apprehend him promptly.

Palace Illumination

Sir, – The illumination of Mysore Palace may be said to be one of the wonders of the world. Its origin goes to the credit of H.H. Sri Krishnaraja Wadeyar IV of revered memory, who after seeing the illumination of a London building in a magazine, thought of illuminating the beautiful Mysore Palace.

I suggest that in addition to the usual illumination during Dasara, the Palace be illuminated at least half an hour on second Saturdays of every month and on Deepavali feast day, so that the public can sit on the spacious lawns before the Palace and enjoy the illumination.

Deepavali, as the very name suggests, is the festival of lights. On such an occasion, it is fitting that there should be Palace illumination.

A Wimbledon Star In the Making

Sir, - Tennis is a game which attracts large crowds and particularly the well-to-do. Championship of Wimbledon is a much coveted prize. Ramanathan Krishnan, who ran the race for that prize, was one time India's best. He put India's tennis on the werld map. Though middle aged now, he yet maintains tremendous form.

It was lucky for the lovers of tennis in Mysore—thanks to the Cosmopolitan Club—to see Krishnan and his son, Ramesh Krishnan, playing against each other, in the singles final. It was a moving spectacle for the spectators, perched in their seats, to see this sigat

Ramesh, the stripling, out-did his father and won the match. Proud indeed must have been the father, to see his son outdo him in all the departments of tennis, which is a strenuous and skilful game. The ageing father, in the sweltering heat of the mid-day, found it hard to excel his talented and rising son. The crowd which watched the duel with admiration and wonder was not sorry that Krishnan was not victorious. Who will not admire such a little lad? It looks as though in Ramesh Krishnan India has a potential Wimbledon winner.

Plan To Improve City Schools

Mysore, Nov. 19

A comprehensive programme to improve the conditions of schools in the city has been drawn up by the Mysore City Central School Betterment Committee, Sri D. Jayadevaraje Urs, Committee President, Sri S.K. Lakshminarasimhiah, Secretary and Sri B.C. Lingiah told newsmen yesterday.

In order to tackle problems like accommodation, uniforms, furniture playgrounds and mid-day meal, the committee had set up two other committees, technical committee to assess the needs of the schools for the next 25 years and remobilisation source committee to mobilise resources tackling for the problems effectively, Sri Urs said.

A campaign to mobilise Rs. 5 lakhs for implementing the mid-day meal programme in all the schools would be inaugurated on Dec. 12 by Chief Minister Devaraj Urs. The Dasara Exhibition Committee had decided to donate its gate collection for three day on Dec. 13, 14 and 15 to this fund, he said.

The idea was that interest earned from the deposit of Rs. 5 lakhs should be utilised for providing mid-day meals in all the schools. A sum of Rs. 62,000 was required annually for this purpose and the Government would give Rs. 15,000. Sri H.S. Rao was the chairman of the committee.

The technical committee, headed by Sri B. N. Kenge Gowda, CITB Chairman, had already prepared a report on the requirements of primary schools in the city, Sri Urs said.

He said there were 310 schools with nearly 67,000 students and 1,400 teachers in the city. There was need for additional 400 rooms and school equipments worth about Rs. 10 lakhs. Only about 25 per cent of the schools had playgrounds. About 10,000 children were getting mid-day meal at present.

Council On Science Edn.

VC's Suggestion

Mysore, Nov. 22

It was desirable that the Mysore University should have a council on science education and development, Vice-Chancellor D.V. Urs said today.

He was inaugurating an in-depth short-term course for college teachers organised by Physics Department of the university under the college science improvement programme. The programme meant to improve and modernise B.Sc. syllabus is sponsored by the U.G.C.

Underlining the need to improve and expand science education in schools and colleges, Sri Urs said that the council should be in a position to guide the university on the fast expanding new branches of science and the new courses to be started.

Praising the pioneering work of the PhysicsDepartment, the Vice-Chancellor said that the progress achieved by this training should be kept up. He urged for similar training for high school science teachers also and the need for inputs on the part of the Government to improve science education. Otherwise science education might deteriorate and rural colleges might not care for science subjects, he warned.

Welcoming the gathering, Dr. B. Sanjeevaiah, Head of the Department, said that 48 teachers from 43 colleges were participating in the 10-day course. Prof. N Sreedhara Murthy proposed a vote of thanks.

Therefore all the concerned farmers are hereby informed that :-

1. No farmer should plant sugarcane afresh.

2. After harvesting of present standing crops of sugarcane, paddy or any other crop, no cultivation of summer crop should be taken up in that area.

Limits To Freedom Of Press

Mysore, Nov. 23

"The Press is a social institution. Like all social institutions, it must operate within certain well-understood limits", Sri H. Y. Sharada Prasad, Information Adviser to the Prime Minister, said yesterday.

Delivering the Janmabhoomi Trust Endowment Lecture under the auspices of the Department of Journalism, Mysore University, Sri Sharada Prasad said that Press had power. If one had power, others must have protection. No man's right could be exercised to another man's detriment. Such limits and protection could come through law or through effective self-control. Even those countries which set great store of freedom of the Press recognised limits to that freedom.

He said : "We live in a time of danger in India, but the danger, unfortunately, is not acutely apprehended by many of our journalists. This does not mean that freedom should be denied to the Press. It does mean that our institutions should be so strengthened that it becomes more difficult for the irresponsible and desparate to take advantage of other's acquiescence. It is natural to chafe at restrictions but the man of conscience and courage need never be afraid for his franchise to freedom", he said.

Referring to the relations between the Government and the Press in a democracy, Sri Sharada Prasad said that they were rarely smooth and harmonious. "What one Government wants to hide in the public interest, the Press seeks to uncover in the interest of the same public. Governments in turn try to keep the Press in its place, at arm's length. Nor have they accepted the claim of the Press to be really high-minded", he said.

Vice-Chancellor D. V Urs, who presided, unveiled the portrait of late B. N. Gupta, veteran journalist and founder of the Janmabhoomi Trust. Dr. Nadig Krishna Murthy, Head of Journalism Department, welcomed. Sri K. Puttaraj proposed a vote of thanks.

March Ahead With Other States

Sharada Prasad's Call

Mysore, Nov. 24

Karnataka had good potentiality. Its leaders should realise it and make all-out efforts to achieve greater development of the State, Sri H.Y. Sharada Prasad, Information Advisor to the Prime Minister, said yesterday.

Delivering a special lecture under the auspices of the Mysore University Prasaranga, he said that while some time back Bengal and the then Madras received all attention for development, the turn now had come for Karnataka, Andhra Pradesh, Madhya Pradesh and Rajasthan to forge ahead.

If a State had to achieve progress, more than the people's participation, what was required was just four or five leaders who could hold fast and get things done. That was how other States had progressed, he said.

Mysore was known for its sense of well-defineed way of doing things in all spheres. But unfortunately this was being lost now. A look at the modern buildings would convince this feeling, Sri Sharada Prasad regretted.

Dr. H. M. Nayak, Director, Institute of Kannada Studies, who presided, said that Kannadigas had not acted in any way which affected the national interests. What was lacking was proper projection of the achievements of the Kannadigas. He hoped that the Government would bestow its attention to this at least now.

Earlier, Sri R. L. Ananthramiah, Executive Director of Prasaranga, welcomed the gathering

SCABIES

Scabies is highly contagious skin disease caused by a parasite which gives rise to an intensely itchy skin rash going on to pus formation and other complications.

Scabies is an extremely common skin disease that we see in any skin clinic. Nearly, 20% of our skin patients are found to be suffering from Scabies. Scabies manifests as intensely itchy minute papules (small swellings of the pinhead size) and vesicles (small pin-head sized swellings containing watery fluid) predominantly over the sides of the fingers, web-space, waist line upper and inner aspects of thighs. Even though, it doesn't occur over the face in adults, it occurs in the form of an over Eczema on the cheeks, palms and soles of infants.

Even though we know the causative factor, clinical pictures and treatment of Scabies, still we are not able to control the rising incidence of Scabies. This is mainly because of the ignorance, indifference and poverty that is prevailing in our patients, that the doctors are unable to control its spread. In fact, some patients get on well with scratching. Only when they get into complications, then they go to doctors for their treatment. Even then, they don't care to take correct and complete treatment.

Hygienic measures like daily change of clothes and and daily bath are very important measures to control the disease. Family members of the patients irrespective of whether they have the disease or not should be treated for Scabies.

School and hostel authorities must screen their students for evidence of Scabies and insist that they take proper and complete treatment with due attention to the basic hygienic measures. Servant-maids and playmates are sometimes responsible for spread of the disease. Even from animals like dogs, cats and camels one can get the infection. Patients have got a wrong belief that the disease subsides with injections. On the other hand, they must obediently and faithfully follow the instructions given by the doctor.

Regarding the treatment, it is better that they don't resort to 'self medication' Once the public understand the basic factors about the disease they will co-operate with the Doctors to eradicate 'Scabies'.

Miracles Above Pnysical Law Of Nature

Mysore, Dec. 6

There were supernatural events and miracles which were above the ordinary physical laws of nature, Prof. S. B. Bondade said here on Saturday.

Delivering a special lecture on "Ramblings in Moral Law" under the auspices of the University Prasaranga, he said that apart from the laws made by man, there were other universal spiritual laws which governed the behaviour of man. Though these laws were complicated and undefinable, they did exist. It was through such supernatural events and miracles that one felt the existence of God, he said. He quoted here the great saints like Sri Raghavendra Swamiji of Mantralaya.

Citing a comparison between the structure of the human conscience and the atomic structure of matter, Prof. Bondade observed that as one required more energy to understand the inner details of the atom, one required greater powers to go deep into subconscious level to understand the concepts like rebirth which ultimately threw light on the law of Karma.

Prof. B. Sanjeeviah, Head of the Physics Department welcomed the gathering. Dr. M. S. Madhava proposed a vote of thanks.

CM's STRESS ON CHILD WELFARE

Mysore, Dec. 14

An awareness on the welfare of children had not come in the people yet, Chief Minister Devaraj Urs regretted yesterday.

Launching the fund collection campaign by the Mysore City Central School Betterment Committee, he made an earnest appeal to both parents and teachers to take up the cause of child welfare and help the Government in implementing its programmes successfully in this regard.

He referred to the dangers being caused by malnutrition and said Government alone could not tackle this problem by providing nutritious food to all the school-going children in the State. In this respect, he lauded the efforts of the committee for taking up the task of providing midday meal to all the children in the city.

Committee President D. Jayadevaraje Urs, welcoming the gathering said that there were about 67,000 children in the city schools. The committee intended to raise Rs. 5 lakhs for the programme which would be started from next June in all primary schools. The exhibition authorities had agreed to contribute a week's gate collection.

Vice-Chancellor D.V.Urs presided. Sri S. K. Lakshminarasimhiah welcomed. Sri K.N. Lakshminarasimhiah proposed a vote of thanks.

Suggest Practicable Economic Solutions

CM'S CALL TO ECONOMISTS

Mysore, Dec. 28

A call to economists to evolve down to earth solutions for tackling effectively the basic problems of the country was given by Chief Minister Devaraj Urs here today.

Inaugurating the three-day 59th Indian Economic Conference, he said that the pronouncements of economists were distorted and varied, as a result of which no correct analysis or solution emerged. This was perhaps because many ecomists spoke from ivory towers without applying their theories to every day facts.

The economist, in his opinion, should take into consideration several dimensions and complexities of modern life. Unless he did that, he could hardly offer helpful suggestions, Sri Urs said.

Appelaing to the economists to speak for the common man in the national context, the Chief Minister said the economic problems of the poor and down trodden could offer rich material to them to think. They should deeply consider their problems like food, shelter, clothing and employment and come out with practical solutions.

In this connection, he said it was necessary to keep in mind that our economy was essentially rural based. There was no point in trying to change the entire economy over-night from the bullock cart stage to the supersonic age. On the other hand, it would be really useful if we could try to render our bullock cart more efficient by applying the necessary technology. Under these circumstances, we should try to rediscover Gandhiji, Sri Urs said.

FP Outlay Increased

Mysore, Dec. 28

The outlay on family planning programme in the country had been increased from Rs. 259 crores to Rs. 498 crores in view of its importance, Sri Tulsidas Dasappa, MP, said on Sunday.

He was presiding over one-day seminar on family planning at Makkalakoota under the joint auspices of the Family Planning Association and the Workers' Education Centre of Mangalore. Sri F. K. Irani, who inaugurated the seminar, urged the need for registration of marriages. Dr. H. Krishna Rao welcomed. Sri P.A. Khader proposed a vote of thanks.

Priority To Small Industries Urged

Mysore, Dec. 28

A call to give priority for the setting up of small scale industries was given by Minister of State for Small Scale Industries M. Veerappa Moily here on Sunday.

Inaugurating the 'Continental Printers', a modern printing press at Jayalakshmipuram, he said that small industries created more employment opportunities than big industries which required heavy investment also. Here he cited the example of the Managalore Chemicals where only about 565 people had secured employment although about Rs 65 crores had beed invested.

Karnataka Industrial Co-operative Bank President K. Lakshman and T.N. Narasimha Murthy, MLC, were the chief guests. Sri P Gopalakrishna Setty spoke. Sri M N Nehru, Proprietor, welcomed the gathering.

CPI-Led Union Criticised

Mysore, Jan. 3

Sri K. Puttaswamy, MLA, Sri K. Kempaveere Gowda and Sri Ramaiah, President, K. R. Mills Labour Association, today condemned the CPI-led labour union of the mills for indulging in violent and illegal methods against the workers and management hampering production.

Addressing a conference, Sri Puttaswamy said that the strength of the CPI-led union was dwindling. They were in a quandry. This had happened because there was a change in the cordial relationship that existed between the Communist Party of India and the Congress.. Hence they wanted to take up some issue and fight in order to exist.

The K.R. Mills Labour Association, which was affiliated to the Central INTUC had more than 1700 workers as members, out of 3,000 workers of the mill, he said.

He urged the management to take drastic action against those workers who indulged in violence and distruction of property within the mills. He also appealed to the Government to come to the rescue of the management to enable it to run the mills smoothly. Sri Puttaswamy also urged the Government to see that the tripartite committee came out with an early decision so that the quantum of D. A. to the textile mill workers in the state was made known soon.

Ministry For SCs' Welfare Urged

Mysore, Jan. 5

The creation of a separate Ministry for the welfare of Scheduled Castes and Tribes in the State was urged by Sri T.N. Narasimha Murthy, MLC and Harijan leader, yesterday.

Addressing a press conference, he also urged the State Government to set up a high-power commission to asses the benefits accrued through various welfare programmes undertaken for the amelioration of Scheduled Castes and Tribes in the State.

He said that although special privileges had been provided in the Constitution and many programmes for the welfare of Scheduled Castes had been introduced during the last 27 years in the country, the progress achieved was not satisfactory. Therefore, there was need to set up a commission to examine all these aspects in detail.

He suggested the nationalisation of all hostels and their management through a special directorate. He wanted early implementation of the Havanoor report and distribution of surplus land available by the implementation of the Land Reforms Act, to Scheduled Castes.

Sri Murthy also wanted that the Mysore Municipality should be raised to the status of a Corporation.

SECOND TEST :

England Win By 10 Wkts

England scored their first-ever victory at Eden Gardens in Calcutta today when they defeated India by 10 wickets on the last day of the second Test.

Thanks to the eighth wicket partnership between Brijesh Patel and Prasanna, which yielded 49 runs and the ninth wicket partnership between Bedi and Chandrasekhar, who made 25 valuable runs, India avoided the humiliation of an innings defeat.

India, who were 145 for 7 yesterday, were all out for 181 runs, playing for 70 minutes today. The batsmen out were Prasanna 13, Patel 56, Bedi 18 and Chandrasekhar 4 n.o.

Needing only 16 runs to win, England reached their target in 4.4 overs, Amiss and Barlow scoring 7 each and remaining not out.

Scores: India 155 and 181, England 321 and 16 for no loss.

They have requested the authorities to issue a statement similar to the one issued recently in respect of the Siddappa Square agency to avoid misconception in the minds of the consumers in Jayalaskshmipuram.

They have also pointed out that many of the dairy agents had no identification to prove that they were genuine agents and also no display of rates of milk products was being made in the depots. This was causing lot of misunderstanding and some times the consumers had to lose large amounts as had happened in their ease, they said.

Shukla Yajurveda Course

Sir,-The above course was being conducted in the Maharaja's Sanskrit College, ever since its starting a century ago. Shukla Yajurveda is an important branch of learning. It is learnt that for the past 2-3 years this department has been closed for want of students. This is most unfortunate.

I appeal to the authorities to restart the course with wide publicity and with attraction of suitable scholarships to students so that when the college is taken over by the Mysore University, it has this course also running.

READERS' FORUM

A PATHETIC SCENE

Sir,- On 14th instant, Sankranti day, I went early to worship in the temple on Chamundi Hills. I found old people with children sitting shivering in the open, waiting for the bus.

Since 1973, I have been pressing for a suitable Bus Stand on the Chamundi Hills, with a water tap fo- the convenience of pilgrims and visitors.

On my request, the Chief Minister has written long ago to the concerned authorities to see that these facilities are immediately provided.

In spite of all this, the matter is being dragged on for one reason or the other. I request the authorities to see at least now that these facilities are provided at once.

According to the modified order, industrial units with an investment of over Rs. 10 lakas will not be entitled to this concession given as part of the incentive scheme. It will also not cover industrial units which have installed second hand machinery and or expansion of existing units.

The sales tax refund will be limited to 10 per cent of the cost of fixed assets per year, thus not exceeding the total of 50 per cent. over a period of five years. Where the annual sales tax paid is less than 10 per cent of the cost of fixed assets, the concession will be limited to the actual sales tax paid.

This step has been taken to avoid misuse and to regulate the quantum of refund.

Mysore, Jan. 31

Vitaminised tricalcium phosphate has been found to be a potent weapon to sharply reduce spoilage of milled and processed foodgrains by insects, without harmful effects on man or environment.

Welcome Ram To Janata Party

Says Gurupadaswamy

Mysore, Feb. 2

Sri M.S. Gurupadaswamy, Congress (O) leader and a former colleague of Sri Jagjivan Ram in the Union Ministry, has hailed the resignation of Sri Jagjivan Ram to both the Cabinet and the Congress Party.

He said here this afternoon that he was happy at his resignation. It was a big event. He had expected his resignation long back. Anyway, it had come at a crucial moment of the history of the country.

"I personally feel that the Janatha Party should show its magnanimity and invite Sri Jagjivan Ram to join us and forget all the past. Sri Jagjivan Ram is still a great leader and we should not miss his services to the nation and the people. The Janatha Party rhould offer him any suitable constituency he desires", Sri Gurupadaswamy said.

Concern Over Varsity Autonomy

Mysore, Feb. 7

Prof. Eric Stokes, Smuts Professor of History of the British Commonwealth, Cambridge University, yesterday expressed serious concern at the increasing power of governments over the university world.

Delivering the 57th convocation address of the Mysore University, he said that university had not been the only chosen victim in this respect. Every sphere of cultural life had been brought into the politico-governmental world, including international sports and even the Miss World competition.

Explaining the reasons for this situation, Prof. Stokes said that it was not a condition for which any particular country of government was to blame, and there was an element of hypocrisy if we tried to point an accusing finger. "For the situation is one which we may deplore as scholars but which we have willed as citizens", he said.

Eight eminent persons were conferred honorary degrees by Vice-Chancellor D. V. Urs, in the absence of Chancellor and Governor Uma ShankarDikshit.

The recipients were Messrs Gen. K.M. Cariappa, Smt K. Venkatalakshamma, Prof Stokes, Prof. W.G. Eagleton, Dr. Masti Venkatesha Iyengar, Prof. A. N. Murthy Rao, G P. Rajarathnam and M.F. Husain. The recipients thanked the university.

SITAVILAS CHOULTRY

Sir, - The month of Magha and the succeeding 4-5 months are the customary months for marriages. It is a pitiable sight to see parents hunting in despair for Kalyana Mantaps to perform marriages.

The trustees of Sitavilas Choultry will be doing a great good if they throw open the building with the existing facilities for marriages, seeing the distress of the public. Constructed in 1892, the choultry is in the heart of the city.

With the income thus derived, the trustees can also gradually build a modern kalyana mantap with modern facilities and may name it as "Sitavilas Sannidhanada Kalyan Mantap", as a mark of respect to the most generous founder of the choultry. Will the trustees act immediately on this suggestion made on behalf of the public ?

If this suggestion is not carried out in the near future, I am afraid, the fine building, which is now in dilapidated condition, would be in ruins soon to the disappointment of all the citizens.
